He is best known for writing Mr. Popper's Penguins with his wife, Florence, who finished the novel when he fell ill. Together they were honored with the Newbery Honor Award 1939. An avid supporter of Admiral Drake's radio broadcasts from the South Pole, Mr. Popper, of Stillwater, Usa, receives an astonishing delivery from Admiral, who has delighted readers for more than 50 years. Audio listeners have a unique opportunity to delight in this visit of penguins to 432 Proudfoot Avenue. Nick Sullivan brings intransigence to the narrative. He's composed and straightforward as he enlivens every new character - from the upbeat Mr. Popper to the embittered-but-always-polite Mrs. Popper to the happy Popper kids who are ever ready to adjust to life with their new housemates. Sullivan also delivers fine penguin imitations like Captain Cook and Greta, who are stars of the cross-country adventures of Popper's Performing Penguins. AR (c) AudioFile 2009, Portland, Maine on March 29, 1993Aside from the alliterative appeal of a pop-up Mr. Popper, it is hard to see how the children's classic benefits of this particular format. From the arrival of a penguin at Popper home through household adjustments to the formation of Popper's Performing Penguin touring show, the main episodes of the original receive hasty - needfully abbreviated - treatment. Despite the part of text crowds the pages, diminishing the book's fascination for younger readers. Older readers, on the other hand, will probably not be impressed with the paper technique. Most of it lacks sophistication (pull a tab, and a penguin flaps its wing or sleds down a hill); in some places it's just silly (a pull-tab makes a penguin down a slide - but only halfway). At no point, however, do the illustrations maintain the amount of text. Stick to the real thing. Aged 6-10.
